We've Come A Long Way

The Spirit Of '76

Make way for us, we have come.
We're the future-America's young.
Don't criticize or mock our youth;
Just like you, we search for truth.
Hypocrisies won't get us down;
We will strike where these abound.
There's much to do; we're needed here,
To help preserve what men hold dear.

Give us room; let us by.
The youth of America have arrived.
There's nothing wrong that we can't fix;
We're the Class Of '76!

North Myrtle Beach High School has been very privileged since its origination to have as a dear friend and wonderful teacher, Reverend Lonnie B. Chestnut, known by his students as "Rev". We feel that we have been blessed to have someone like Reverend Chestnut, whose concern and care for other people have won our love.

As a teacher, along with being the sponsor of the Student Council, he has done very much for our school.

He is never without a kind word and his smile brightens the day for many people here at North Myrtle Beach High.

To show our appreciation for his devotion to our school, *we dedicate* the 1976 CHIEF to Reverend Chestnut.

Annual Staff '76

Miss Chief

Corlis Livingston, a senior, was selected *Miss Chief 1976*. This honor is based on scholarship, leadership, and over-all personal appearance. Corlis serves NMB High as the President of the Student Council, a member of the Future Homemakers of America, a member of the Chorus, and a varsity basketball player. Corlis is known for her quick smile. She is admired and respected by her fellow students, as well as teachers. Members of the Senior Class nominate girls for this honor, and the final choice is made by the faculty. We feel they made an excellent decision.

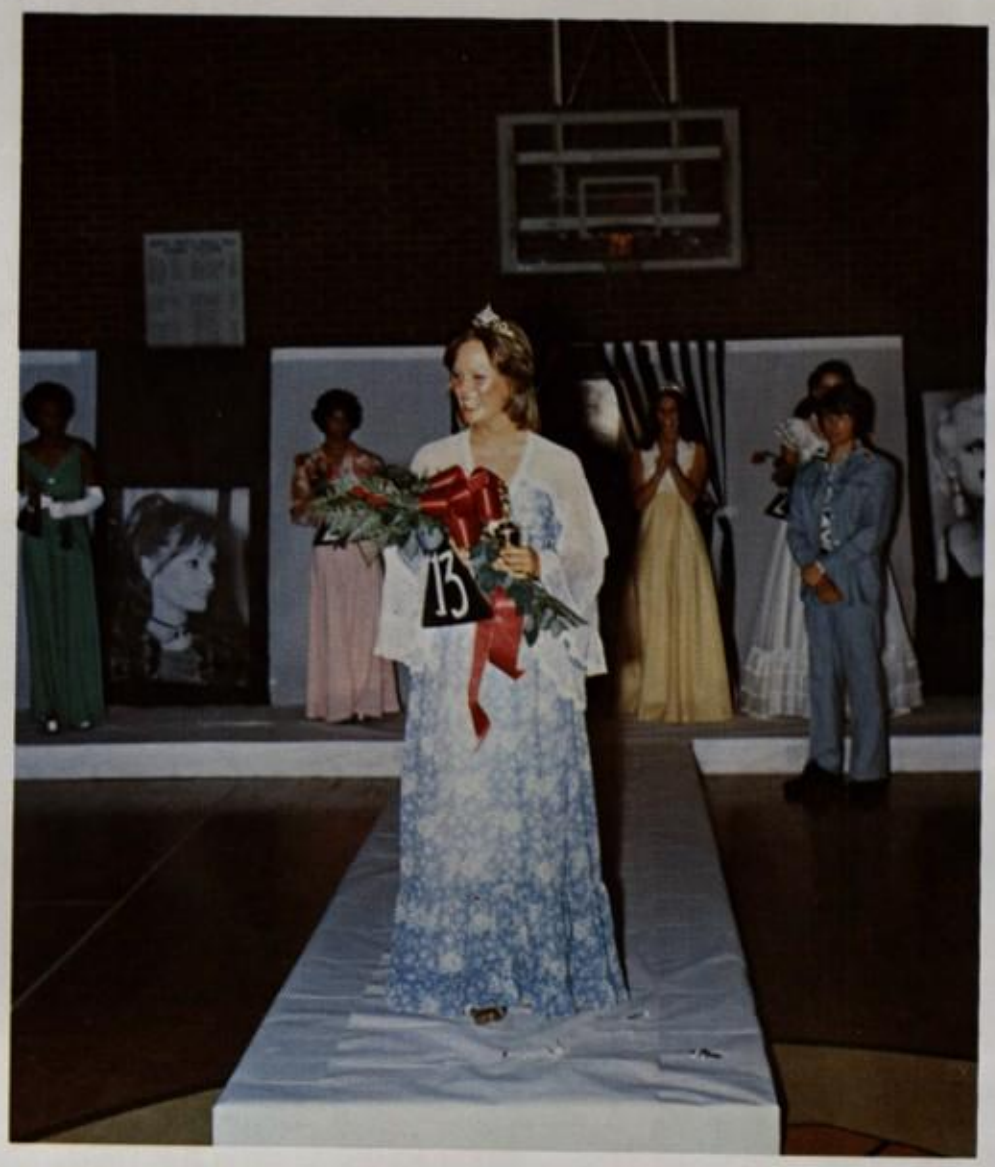
SPRING AND SUMMER

Sabrina Mclamb '75 Queen



That Night! I've never been so scared in my life. No one could believe the excitement and glamor that was packed in our gym the night of the N.M.B. High Pageant last year. The theme "Woman, you've come a long way" was really appropiate. When it was finally over, I felt like I had traveled a thousand miles.

Being chosen as one of the top ten was an honor, but my jeans felt so good when I finally got them back on.

It seemed to take them forever to decide who had won. When they finally announced the winner, although I hadn't won, I don't think I could have been more relieved! It was a good excuse for a new dress, anyway.

(Top Left) Phyllis Bellamy and Sabrina Mclamb awaiting the judges' final decision as Patsy Jackson, 3rd runner up, patiently stands by. **(Top Right)** Wanda Johnson, Miss Congeniality 1975. **(Bottom)** The ten Semi-finalists for the Miss North Myrtle Beach High School Beauty Pageant. Pam Watkins, Susan Todd, Michelle Sweatt, Sheryl Stackhouse, Phyllis Bellamy, Sandy Argroves, Patsy Jackson, Patty Berry, Sabrina Mclamb, and Harriet Stanley.

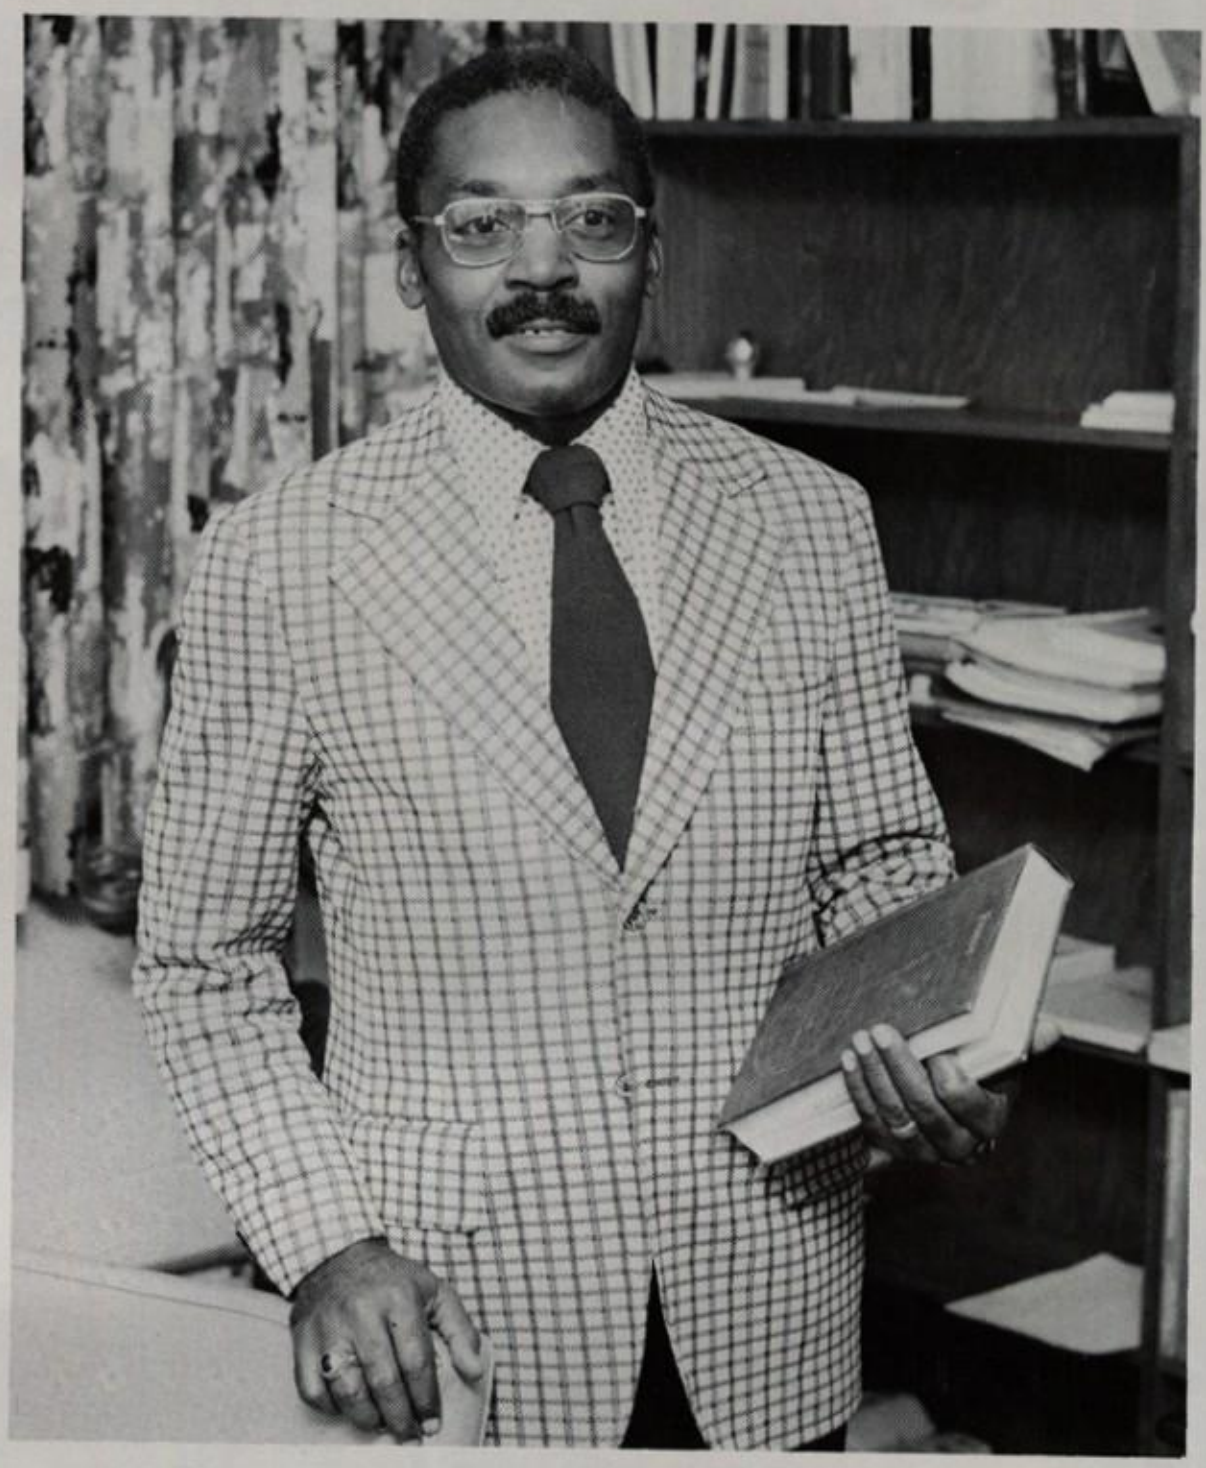
PRINCIPAL

For two years now we at NMB High have been privileged to have as our principal a man that is fair and honest with us. A man that is always there when we need him. A kind word for us all every morning and a good-bye every afternoon. Any problem a student may have, Mr. Williams can and will help them solve it. He is a kind, yet stern principal, and we are happy he is at North Myrtle Beach High School.



Mr. Moore ready for another busy day.

Mrs. Ward not only supports the school from 9 to 5, she is one of the CHIEF'S best fans. And she's right, the CHIEF'S are number one.

Mr. Williams and N.M.B.H.S. are lucky to have such efficient assistant principals as Mr. Henry Moore and Mrs. Mildred Ward.

English and Foreign Languages

Phrases, sentences, verbs, and term papers. All this an English teacher loves. Giving students work and more work. Do not write comma-splices, indent your paragraphs, and never write in the margin.

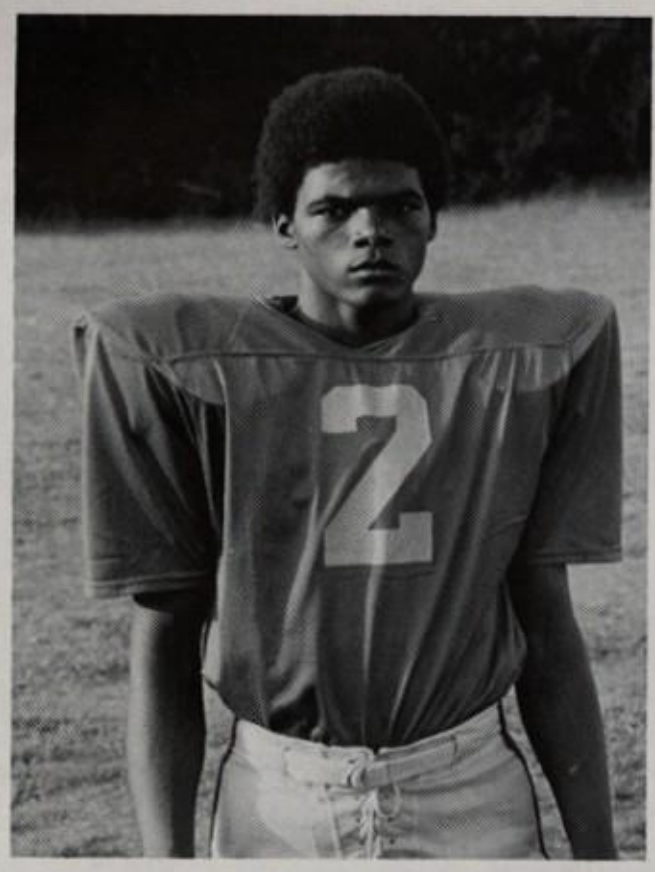
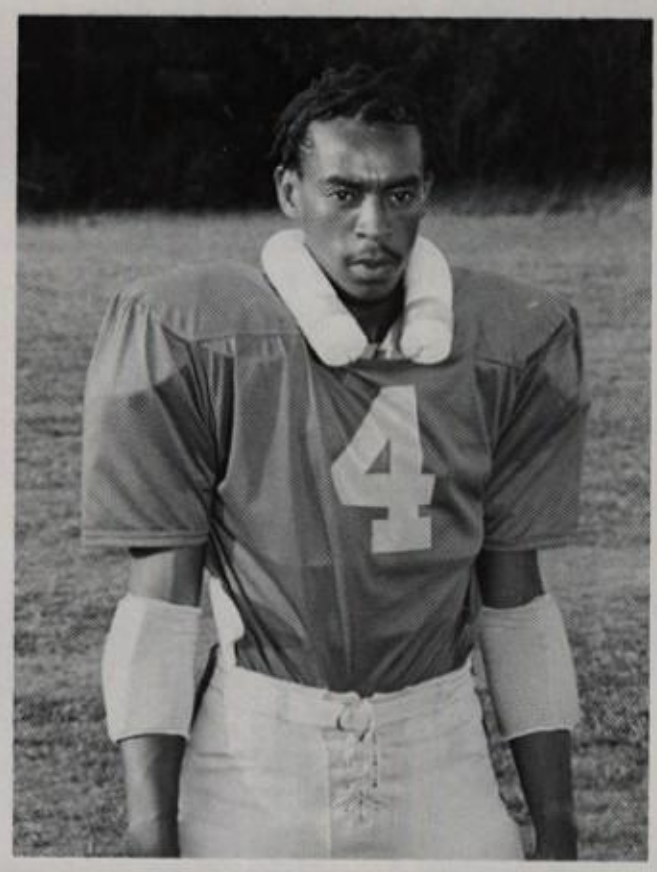
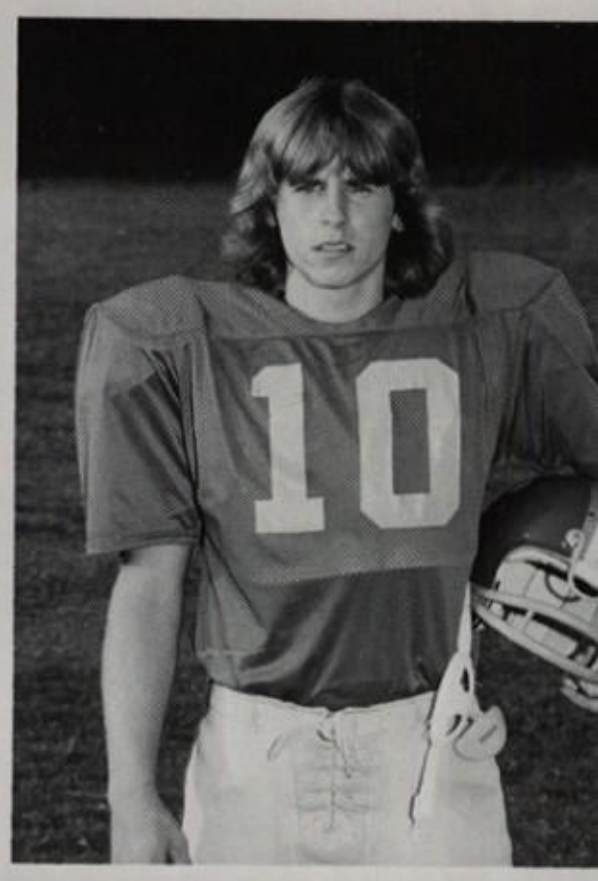
The Year wasn't one of our best for football. The team ended with a 2-8-1 record, winning two of their last three games defeating Pleasant Hill, in which they won what was known as the Toilet Bowl. They had a number of very close games, such as the one against Hemmingway in which the Tigers put two of our backfield runners out. One of them, Richard Gause, suffered a broken nose, and the other, Otha Bellamy, suffered a badly sprained ankle. The Chiefs lost by 3 points.

Another was against Socastee, which ended in a 6-6 tie at the beginning of the year. But, on the bright side, we did get 2 all-county players in Richard Gause and Edward Wilson. Better luck next year, Big Chiefs!

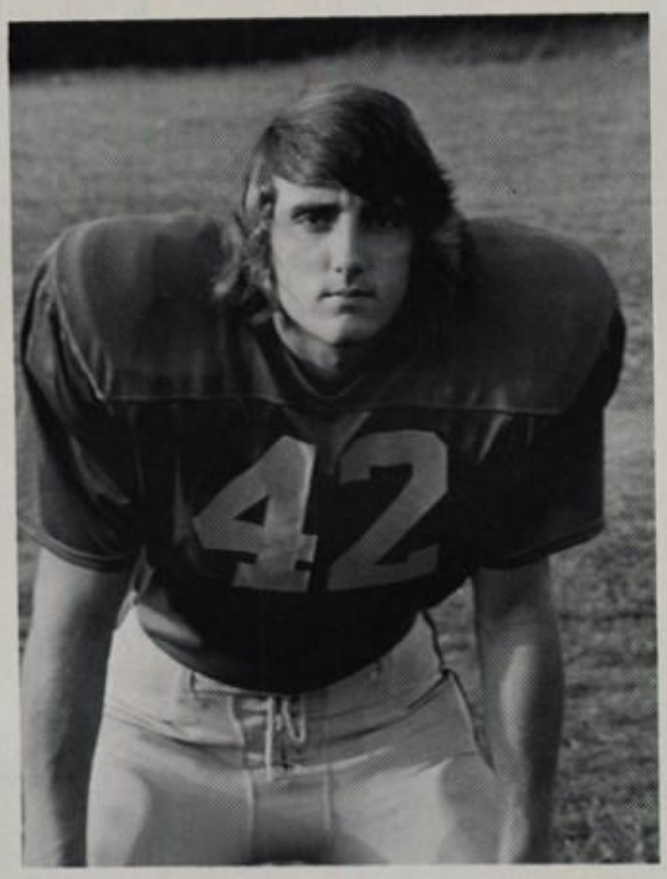
Coaches West, Dickson, and Edge.

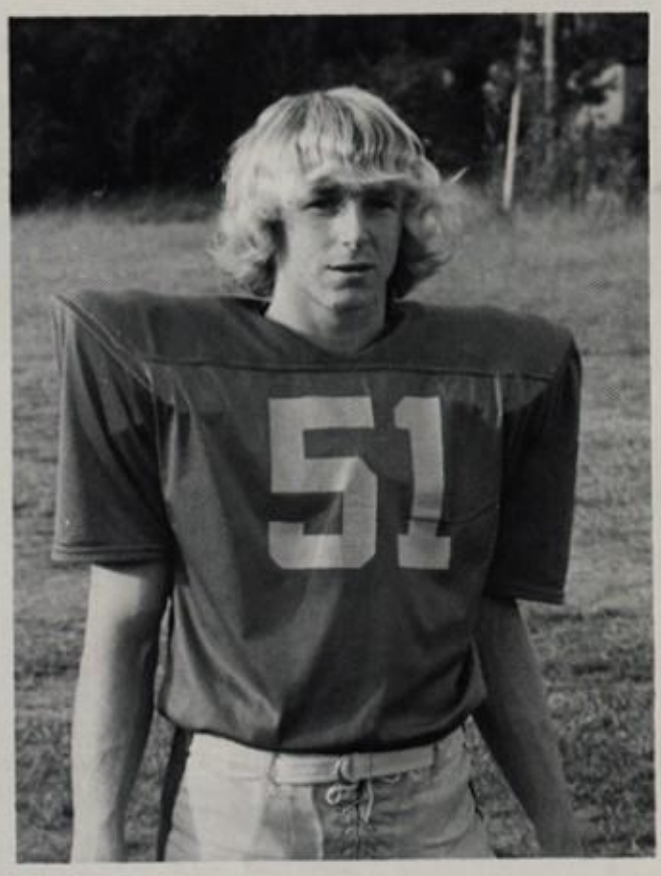


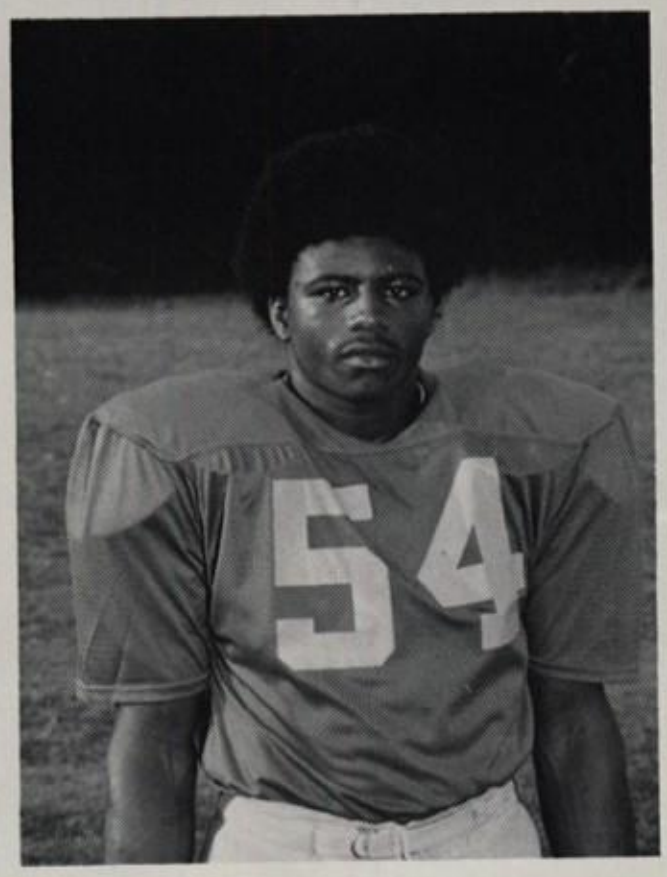




Senior players Tommy DeWitt, Covel Wilson, Bryon Cox, Roscoe Jones, Nolan Gause, and William Evans.







Senior players Willie Earl Bellamy, Donnie Parker, Sonny Clemmons, Edward Wilson, Horace Moore, and Kit Permenter.

Library Club

It's a nice, sunny day, and you're sitting on the bank of the Nile River having grapes shoved down your throat by Cleopatra herself. The pyramids are casting their shadows over the rocky desert. All this could only happen in the library. To sponsor greater interest in the library and its materials, the NMB High School Library Club was formed. The Library club also provides opportunity for leadership and acquaints students with library services, resources, and procedures.

Picture yourself in the midst of 21 young scientists eagerly working towards the cure for the common cold. Burners flaring, potions bubbling, test tubes crackling, and specimens galore. This is a typical scene from our mad gang of student scientists which make up the NMB High Science Club. The Science Club's purpose is to stimulate interest in various fields of science, maintain a good science department, encourage the conservation of our natural resources, and work for the improvement of our school.

Yes the NMB High Radio Club is on the ball. Their main objective is to keep our community informed of school activities and projects by means of a monthly broadcast, and they have carried it out in grand style.

Editor's Page

For twelve years now we have been establishing goals, standards which upon graduation will determine our life. We at North Myrtle Beach High School are a proud people, filled with the goodness of life and virtues which make us proud to be a chief. Upon graduation many of us will feel that we have more to offer and will continue our education, but for those who choose not to, there will be so much good that they can do. So as the year ends let us remember our times at N.M.B., but remember there is a world ahead. Yes, we have come a long way, but I'm sure we'll go a lot farther before we're through.

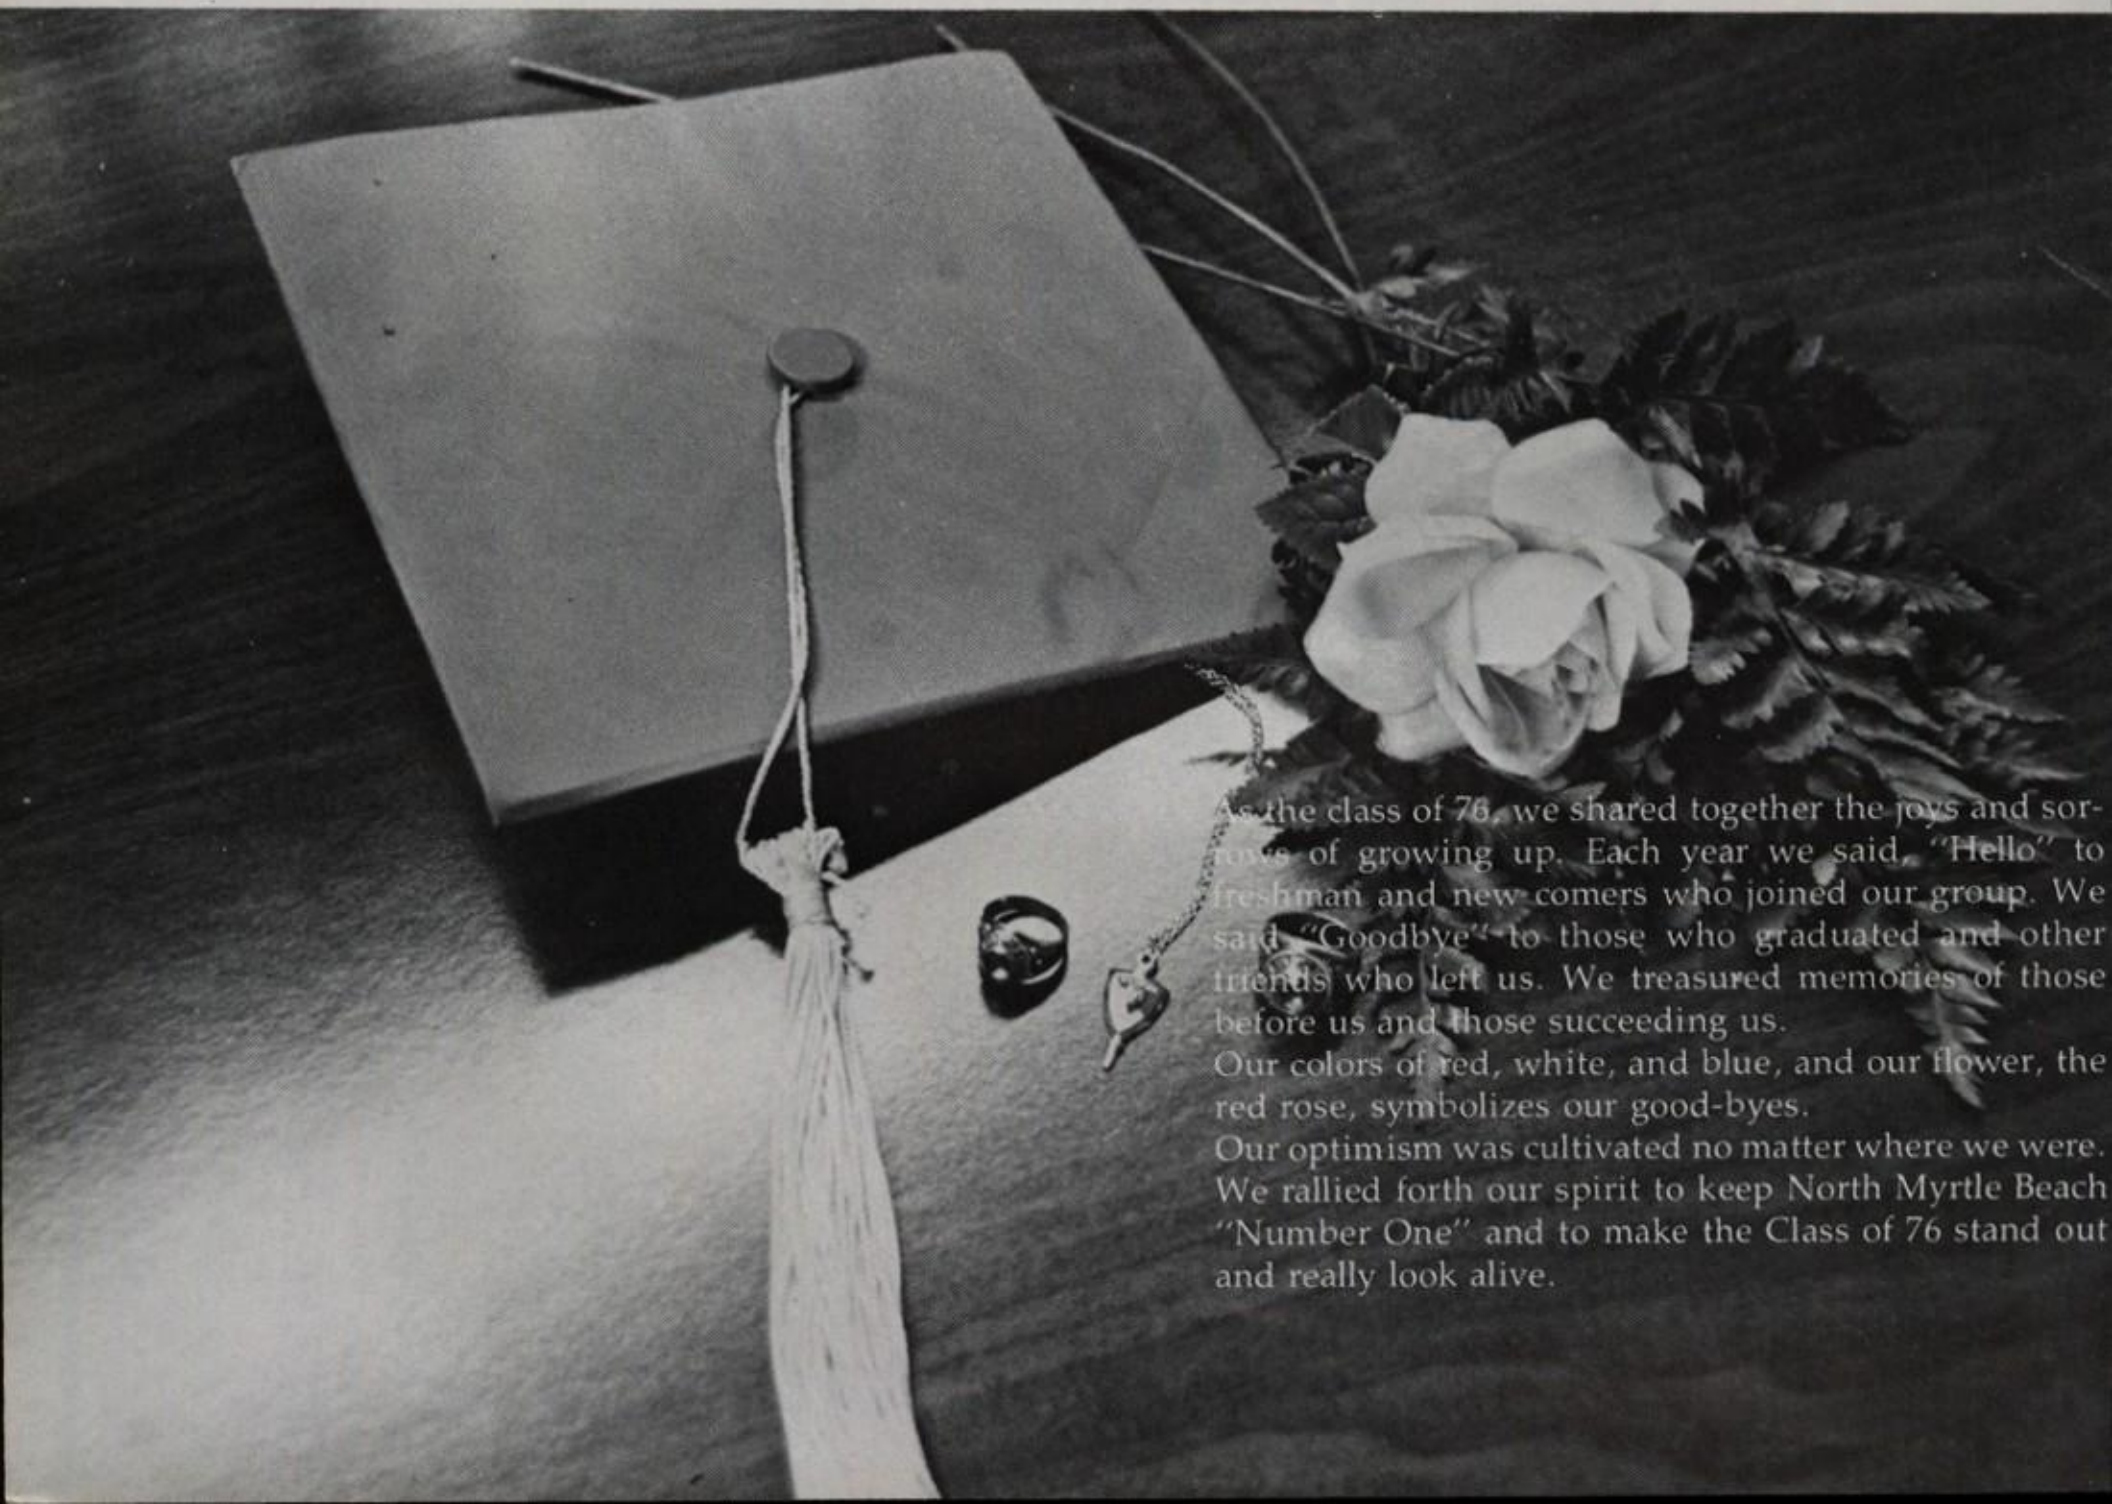
WOW!
BAHAMAS
'76'

Gilbert Randall, President, Michelle Sweatt, Secretary, Rick Becker, Vice-president, Veronica Bellamy, Treasurer.



As the class of 76, we shared together the joys and sorrows of growing up. Each year we said, "Hello" to freshman and new comers who joined our group. We said "Goodbye" to those who graduated and other friends who left us. We treasured memories of those before us and those succeeding us.

Our colors of red, white, and blue, and our flower, the red rose, symbolizes our good-byes.

Our optimism was cultivated no matter where we were. We rallied forth our spirit to keep North Myrtle Beach "Number One" and to make the Class of 76 stand out and really look alive.

Nineteen-seventy-six; America's Bicentennial Birthday. Two hundred years of education, equality, individuality, and freedom.

To me, the Bicentennial means education. For two centuries, Americans have strived for, and achieved, higher quality education. Even before the Declaration of Independence was signed on the Fourth of July, 1776, America's quest for knowledge has proclaimed itself a spirit of intention that has made a leader of the United States in education throughout the world.

Education in America is constantly advancing its potential. Our educational programs are far more complex and elevated than those of even a decade ago. Now, more than ever, we can educate ourselves in the field we want and to the extent we want.

The Bicentennial also means equality. In the minds of most Americans, equality has always been a prime factor of everyday life. America is the only country in the world where so many different people can live and work together equally with no exceptions due to race, creed, or religion. The feeling of equality has always dwelt in my mind as a power that plays an important roll in the strength of our country.

There is another thought which deals so greatly with this Bicentennial year, and it is individuality. Each American cannot help but appreciate the fact that he is an individual, not one of a group. Every fellow countryman has the chance to be whatever he wants to be. Each person's beliefs are his own, and his goal is like that of no other.

America offers every opportunity imaginable: from work to pleasures, religions to cultures, and thoughts to actions; each man, woman, and child has his own decision about his own life.

The last and most important meaning of the Bicentennial year to me is freedom. Freedom is not bought, it is given to each citizen of the United States. In earlier years, many men and women fought and died so that we, today, may live in a free world.

Freedom is the most beautiful, most influential characteristic of America today. The spirit of freedom burns inside of me as a flame with no extinguishing. It offers the education, equality, and individuality that each American should cherish. Freedom is the sole foundation for our strength as a great and prosperous nation.

Freedom is rich with sound and fury, symbolizing hope for a better tomorrow.

Education, equality, individuality, and most of all freedom; *that* is what the Bicentennial year, 1976, means to me.

— Michael Hickman

NORTH MYRTLE BEACH HIGH SCHOOL ALMA MATER

In the low country of South Carolina,
Near the sea so blue;
Proudly stands a mighty structure,
With the colors true.
Lift your voices, shout your praises,
Across this land of ours,
Here's to thee, Our Alma Mater!
Hail, North Myrtle Beach High.

Soon the time will come when we've parted,
From your walls anew;
Through the years we'll always remember,
Our colors of gold and blue.
Lift your voices brave and boldly,
With loyal hearts so true,
Here's to thee, Our Alma Mater!
Hail, North Myrtle Beach High.

Through many toils and snares we've come,
Though trusting your ideals,
We'll spread your fame through this great universe
With words of love and cheer.
Lift your voices, Shout your praises,
Across the deep blue sea,
Here's to thee Our Alma Mater!
Hail, North Myrtle Beach High.

It's really been fun this year. You've made classes a little less boring. Thanks to your corny jokes. Thanks for being a friend. Take care this summer. Can't wait 'till the retreat! Maybe you'll have more jokes by then!
Well, see ya!
